Western Garden City Property Owners' Association Resolution No. 2017-01

Resolution by the Western Garden City Property Owners Association (WPOA) to request that the MTA/LIRR respond to the concerns raised by Beveridge & Diamond PC and Vertex Companies, Inc. concerning the Draft Environmental Impact Statement for the proposed LIRR Expansion Project.

WHEREAS, the State of New York has proposed the Long Island Rail Road ("LIRR") Expansion Project from Floral Park to Hicksville ("Third Track Project");

WHEREAS, the Metropolitan Transit Authority ("MTA") and LIRR have issued a Draft Environmental Impact Statement ("DEIS") in connection with the Third Track Project, that will impact the villages that are nearby the LIRR Mainline from Floral Park to Hicksville, including Garden City; and

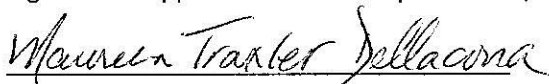

WHEREAS, the Western Section of Garden City, which is represented in our Village government by the WPOA, will be unduly impacted during pre-construction and construction, as well as by the results of the expansion; such impact coming from the possible unleashing of contaminants, flow patterns of new stormwater drainage and recharge systems, the necessity of sound attenuation walls, and increased freight traffic carrying hazardous materials passing even closer to homes; and

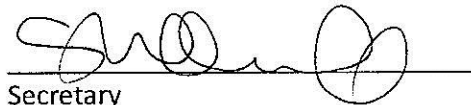

WHEREAS, Beveridge & Diamond PC, along with Vertex Companies, Inc., has sent a letter and report to the MTA/LIRR, dated February 14, 2017 (the "B&D/Vertex Report"), which raises various questions and concerns about the Third Track Project (attached).

NOW, THEREFORE, BE IT RESOLVED, that the Western Garden City Property Owners' Association supports the efforts of Beveridge & Diamond PC and Vertex Companies, Inc. to raise legitimate and reasonable comments on behalf of the residents and representatives of Garden City, as well as residents of communities outside of Garden City that may be impacted by the Third Track Project; and

FURTHER RESOLVED, that the Western Garden City Property Owners' Association requests that MTA/LIRR provide thorough responses to the questions and concerns raised in the attached B&D/Vertex Report about the Third Track Project.

Signed and approved this 8th day of March, 2017

President

Secretary
